Step up to the plate, and join the fight against premature birth and help give every Oklahoma baby the chance at a healthy start in life.

Each year more than 7,600 Oklahoma babies are born premature. Many will be too small and too sick to go home. Instead, they face weeks or even months in the neonatal intensive care unit (NICU). These babies face an increased risk of serious medical complications and death. As part of its mission to save babies from death and disability, the March of Dimes has created a special license plate benefiting the work of the Oklahoma Chapter. When you purchase a \$35 March of Dimes license plate, \$20 will go towards funding local programs. These programs exist to collaborate with others in finding causes of premature birth, working towards prevention and linking families with support services.

To purchase a March of Dimes license plate, you can: [Download](#) the PDF authorization application , or contact the Oklahoma Chapter at (405) 943-1025 to request an application.

**DO NOT MAIL CASH.** Please remit payment of \$35 in the form of a personal check, money order, or cashier's check, **payable to the March of Dimes.**
