

Michigan Youth Council

Are you looking to be a leader, an organizer and a volunteer? Then how about joining the Michigan Youth Council, a group of young people working together to help save babies. The council combines the efforts of students through the state to actively assist the March of Dimes Prematurity Campaign, WalkAmerica and our Public Advocacy efforts. They meet one a year, have monthly conference calls and assist on March of Dimes events and programs.

If you are interested in partnering with the March of Dimes, please email or call us at (248) 359-1550. Also, to learn more about what youth are doing on a national level, please visit their website: www.marchofdimes.com/youth
