

Preterm Labor Assessment

Toolkit

Funded through a partnership between the March of Dimes California Chapter and Sutter Medical Center, Sacramento

March of Dimes is not engaged in rendering medical advice or recommendations. This publication is for informational purposes only. The procedures and policies outlined in this toolkit were provided by various health care providers and reviewed and modified for use in this manual. It is important that any procedure or policy reflect the practice within an institution, so please review the content carefully and revise as applicable to your facility.
